RECORDED - 70

JAN 9 1952

Ever since the Christmas bombing of the home of
Harry T. Moore, Florida official of the National Association
for the Advancement of Colored People, which resulted in his
death, the east coast Communist newspaper "Daily Worker" has
been appealing for communications to President Truman,
Attorney General J. Howard McGrath, and Florida Governor
Fuller Warren demanding a halt to "the genocidal terror in
Florida." In addition, protests emanating from Communist and
non-Communist sources have been featured. The December 31,
issue announced that more than 200,000 flyers relating to the
bombing were issued and circulated by the "Daily Worker"
publishers.

Elsewhere throughout the country Communists and
Communist-dominated groups also have been active in
exploiting the bombing. For example, it has been reliably
reported that:

BY SPL. MSBR
JAN 5 1952
COMM. - FBI

The Los Angeles County Communist Party instructed
each Party member to send protest telegrams to the
President, the Attorney General, and the Governor
of Florida.

2. A meeting of the Rose Chernin Defense Committee was held on December 27, 1951, at which time it was decided to send similar telegrams. Chernin, a west coast Communist leader, presently is awaiting trial for violation of the Smith Act. (same as above)

3. The Civil Rights Congress, cited as a Communist organization within the purview of Executive Order 9835, was planning to send a special delegation to Mims, Florida, from New York City for the purpose of attending Moore's funeral. (NY tel 12-29 re CRC: Philadelphia tel 12-31 re CP, USAIO)

I called [redacted] and advised him that we had learned [redacted] had been granted 30 days additional leave; that we felt it would be improper for us to ask for his transfer since this would be injecting ourselves into the internal administration of the War Department and, furthermore, we could always get hold of [redacted] should we need his services.

Re: [redacted]

Since we have now learned that [redacted] [redacted] has been granted 30 days additional leave, I suggest that I call [redacted] [redacted] advising that we have learned [redacted] has been granted his 30 days additional leave; that upon consideration we felt it would be inappropriate to ask for his transfer as this would be injecting ourselves into the internal administration of the War Department and that [redacted] services could always be obtained when he would be needed as a witness.

NOTE: Bufile 62-60243 reflects that the Bureau conducted a Special Inquiry investigation concerning [REDACTED] in 1940 and 1941 and an Internal Security - Hatch Act investigation in 1942. Investigation developed that [REDACTED] was favorably inclined toward Russia in the 1930's however later he turned very anti-Communist and was reported as being one of the charter members of the anti-Communist faction in the Newspaper Guild in New York City. [REDACTED] is employed by the New York Post which has upon several occasions been very critical of the Bureau and the Bureau's work.

Director, FBI

UNSUBS HARRY T. MOORE, ETAL - VICTIMS, CR

Rerep ASAC W. W. Burke, Jr., January 11, 1952, Miami.

RECORDED-39

Page 89 of rerep makes reference to a security matter investigation and also reveals the identity of a former informant of the Miami Office. It is desired that this page be rewritten in the proper manner and copies be made available to the Bureau and other Offices receiving copies of this report. This should be handled without delay.

Rerep is a lengthy report and reflects very little organization in its preparation. As an example the results of interview with neighbors are scattered throughout the report rather than being grouped together in a logical manner. Likewise, investigation concerning one specific phase of the investigation is reported in various parts of the report. The report has very little continuity and is extremely hard to analyze to determine if all leads have been covered. Previous lengthy reports in the Carver Village and Jewish Property cases were very well organized and prepared and it is suggested that the form and organization of those reports be followed in future reports prepared in this case. It is also desired that a table of contents and an index be prepared in future voluminous reports in this case.

Three copies of reports are sufficient for Bureau purposes in this case.

Confidential Informant T-7, of known reliability, a former member of the Communist Party, advised he had attended meetings of the Communist Party from 1944 to 1948 with [redacted] of Orlando, Florida, who [redacted]. The Informant stated he knew [redacted] to be a heavy financial contributor to the Communist Party.

The Informant advised that on December 26, 1950, [redacted] made the statement to [redacted] another member of the Communist Party, while discussing the international situation, that he was "getting old but if anyone was ever needed to blow anything up, he was ready."

Because of the above statement, [redacted] is being given consideration as a logical suspect in the instant bombing.

[redacted] presently resides in Columbia, South Carolina. The Savannah Office has been requested to determine if [redacted] was away from Columbia during the Christmas Holidays, and particularly on December 25, 1951, the date of the instant bombing.

PURPOSE:

To advise that Miami has requested authority for the interview of John M. Coe, a prominent Pensacola, Florida, Attorney, who is listed as a prominent person in the Special Section of the Security Index.

DETAILS:

Information has been developed by the Miami Division that John M. Coe, Attorney, Pensacola, Florida, recently made the statement that he had been retained by an insurance company to investigate the death of victim Moore. It is further reported that the insurance company was in the process of drawing up a policy on Moore's life, however, it is not known whether this policy was in effect at the time of Moore's death. Miami requested authority to have Coe interviewed.

Coe is the subject of a Security Matter-C investigation. The Bureau's file (100-358684) reflects the following information:

John Marenco Coe, U. S. born prominent attorney of Pensacola, Florida, has represented known Communists and racial cases of interest to the Communist Party in various courts throughout the South. [He has associated with known Communist Attorneys and has attended meetings at which Communists were present, such meetings being in connection with cases handled by Coe. He has contributed to the Daily Worker and other Communist organizations.] He was a member of the United States Army for approximately seven months during 1918. He has two sons, one served in the Air Force and the other in the Army during World War II. He has two daughters, both of whom married U. S. Naval Officers. Coe served a short time as Special Assistant to the U. S. Attorney at Pensacola, Florida to handle routine criminal cases shortly after World War I.

On August 5, 1950, Coe was ousted from the Kiwanis Club, Pensacola, Florida. At that time he reportedly said, "I am not a

Communist and I won't join the Communist Party because I won't put that yoke around my neck but I go along with a lot of their policies and believe their philosophy and principles are right but I would never resort to violence against my country." He was then asked, "Then would you say that you are a fellow traveler?" To which he replied, "I believe I can be rightfully defined as such."

The Bureau's investigation has not determined any evidence of actual Communist Party membership on the part of Coe, however, he is listed as a prominent person in the Special Section of the Security Index of the Bureau.

RECOMMENDATION:

That it is necessary and advisable to interview Coe immediately for any information he may possess which may be of value to this and related investigations. A teletype granting such authority is attached.

He said that in looking over a copy of the 2/18/52 issue of The Daily Worker, he noticed that it contained a statement by [redacted] of the NAACP that nitro-glycerin was used in the murder of the two victims in this case at Mims, Florida. [redacted] said that this was the first time he had heard that nitro-glycerin had been used, however he recalled that he, [redacted], had had a conversation with Victim HARRY T. MOORE in Jacksonville, Florida about two weeks prior to MOORE's death. During this conversation MOORE confided in [redacted] that he, MOORE, feared that his life might be in danger. In this connection MOORE told [redacted] that "there is a lot of nitro-glycerine being used in this state." [redacted] received the impression that MOORE felt he had gone too far in his activities in behalf of the NAACP and the Progressive Voters League. According to [redacted] MOORE indicated to him that he intended to curb his activity in the above organizations, however he stated that he might become active for the Civil Rights Congress.

The foregoing information was furnished to Mobile, Miami, and the Bureau by Birmingham by teletype dated February 28, 1952, and in view of the Bureau's all-out efforts to obtain all possible leads which may solve the Florida cases, Mobile Agents attended this meeting.

[redacted] Miami Police Department, at Tallahassee on the night of March 3, 1952, which meeting was attended by Bureau Agents. Bureau Agents attended this meeting in an effort to learn the identity of [redacted] two informants and to protect the Bureau's interests in that the Bureau would be able to control this phase of the investigation. As a result of this conference, additional information was obtained concerning the allegations furnished by [redacted] informants over the weekend. Both [redacted] and [redacted], who have cooperated with the Bureau in the past on these cases, advised that they intended to take no further action at the present time in regard to this information since the Bureau had better facilities to handle this investigation. [redacted] indicated that he was going to return to Birmingham and contact the Birmingham Office for the purpose of working further with the FBI. [redacted] contacted the Birmingham Office upon his return and made arrangements for an interview today.

PURPOSE:

To advise that [redacted] Alabama Highway Patrol, is considered a "lone wolf" type of individual and appears interested in the solution of this case for reward purposes, and that his attitude is not indicative of the very good relations between the FBI and other members of the Alabama Highway Patrol.

DETAILS:

Reference is made to the Director's request "Find out why we don't have better relations with Alabama Highway Patrol" in regard to information furnished the Birmingham Division by [redacted] Alabama Highway Patrol, in reference to two informants of his who reportedly have information concerning this case.

The Birmingham Division has advised that [redacted] has been with the Alabama Highway Patrol for some period of time working as a patrolman, however, during the past two years he has devoted his time as a plain clothes investigator handling matters not within the primary jurisdiction of the Bureau. As a result, contacts with the Birmingham Office have been extremely limited. [redacted] is described as a "lone wolf" type of individual and appears interested in the solution of this case for reward purposes. Birmingham has also advised that [redacted] actions in this matter are not at all indicative of the very good relations between the FBI and other members of the Alabama Highway Patrol. Birmingham states that officers of the Alabama Highway Patrol are all most cooperative and other representatives of this organization have volunteered to be of assistance whenever possible and have been cordial and helpful.

Birmingham has reported that [redacted] is now cooperating fully and that he did not reveal the identity of his two informants originally because they had been developed as informants by him on a personal basis and the informants had specifically requested that [redacted] not reveal their identity to anyone. [redacted] has recontacted his Birmingham informant and convinced this informant to discuss this case with the FBI to which the informant agreed. This informant, [redacted], has been interviewed by Agents of the Birmingham Division and has expressed his willingness to cooperate with the Bureau. However, he was not able to furnish any specific information as to the identity of the subjects in this case.

[redacted] Special Investigator for the Governor's Office, Tallahassee, Florida, contacted SA JAMES B. HAFLEY on May 3, 1952, and explained that he had been investigating "an angle" concerning the above entitled case at Apalachicola, Florida, which "has possibilities".

He explained that one [redacted] [redacted], Apalachicola and Northern Railroad, Apalachicola, Florida, had advised him, [redacted] that he, [redacted], knew the identity of an unnamed person in the Apalachicola area who is a railroad engineer and who "knows plenty" about the circumstances under which the victims in this case were murdered. According to [redacted] is willing to talk with a Bureau agent; however, [redacted] believes that this unidentified railroad engineer would never cooperate with the Bureau in the matter. [redacted] has indicated to [redacted] that this unidentified railroad engineer, who is alleged to be a rabid KKK member, would have to be approached through a good confidential informant, such as the minister in the Birmingham territory who has volunteered to make a trip to see [redacted] in Florida.

The Mobile Office indices on [redacted] are negative. The Bureau, Miami and Birmingham Offices are requested to immediately check their respective indices on this person to ascertain if there is any reason why he should not be discreetly contacted in this matter. If no advice to the contrary is received prior to May 15, 1952, [redacted] will be discreetly and thoroughly interviewed for full and complete information in this matter. The possibility of utilizing one of the Birmingham informants in approaching the unidentified railroad engineer will also be explored and that office will be advised later of the results.

A search of the general indices of the Bureau fails to reflect any record concerning [redacted].

It is desired that [redacted] be carefully and thoroughly interviewed by an experienced Special Agent not in the presence of [redacted]. This matter should be handled very carefully and the Bureau should be on firm ground before utilizing any possible informants in this matter.

b6

While [redacted] has been cooperative and the Bureau must check on all logical leads, our experience with [redacted] has indicated that most of the information furnished by him in the past has been based upon rumor or supposition and that certain of his "informants" as well as [redacted], Alabama Highway Patrol, do not have any firsthand knowledge of this case but are on a "fishing" expedition in an effort to develop any information of value and thus participate in any possible rewards.

For the information of the Bureau and the Miami Office, PCI [redacted] has been contacted regarding his availability concerning instant case. He advises that his previous commitments will permit his departure on or about June 2, 1952. [redacted] feels that he has an entree in that area through his relatives living in that vicinity, which relatives have been active in Klan activities in the past. His relative, [redacted], presently lives in Lakeland, Florida, is an established resident of that area, and has been in business there 30 years.

I feel that if we have [redacted] make such a trip we ought to pay him a minimum of \$200 per month to cover the cost of transportation, the use of his car and other incidental expenses involved. Of course, if he is successful in the solution of the case, then additional payments should be made to him.

[redacted] has furnished a great deal of information to this office regarding the Klan activities. He has been very cooperative and I feel having had such a long history in Klan activities, that he is a natural for conducting an investigation in an underground capacity along these lines.

Remylet to Director, 5/4/52 and Bulet to Mobile,
5/8/52.

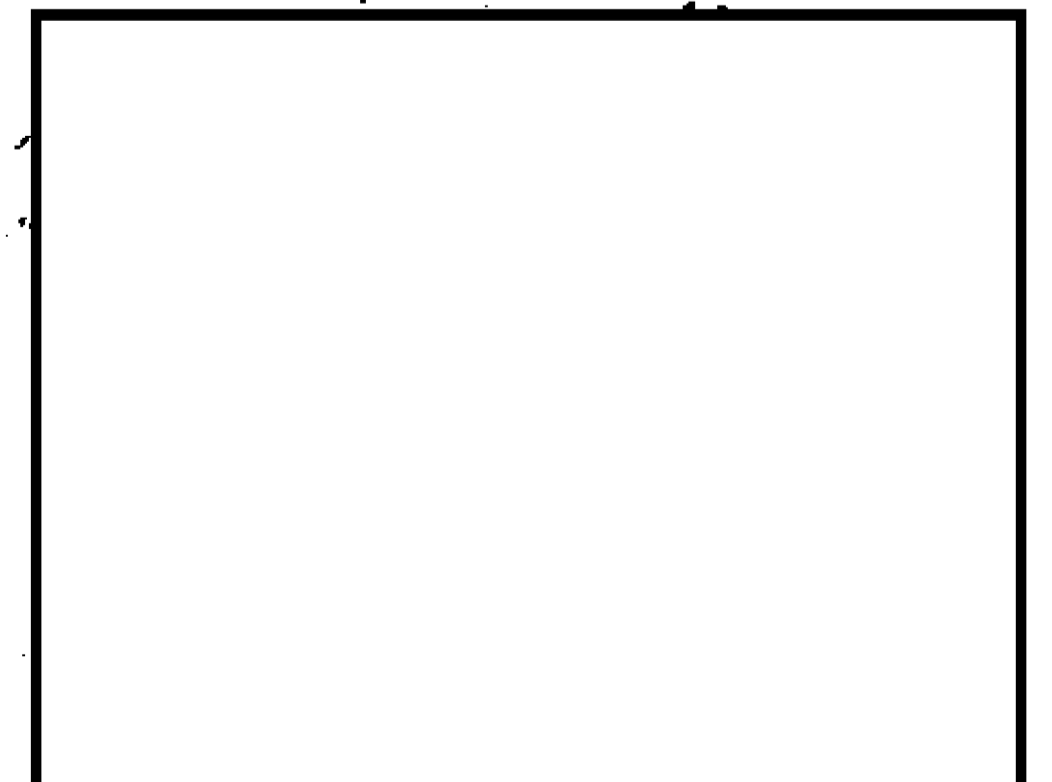

On 5/28/52, [REDACTED] was carefully and thoroughly interviewed alone by SA JAMES B. HAFLEY. [REDACTED] who impressed the interviewing agent as being sincere and reliable in his desire to cooperate with the Bureau in instant case, supplied the following information:

b6
b7C

During the latter part of March, 1952, or the early part of April, 1952, [REDACTED] Special Investigator for the Governor's Office, Tallahassee, Fla., was in Apalachicola assisting the local authorities in the solution of a murder case there. The latter case had no relation whatsoever to the Sims, Fla., dynamiting on 12/25/51. [REDACTED] who has been employed by the [REDACTED] for the past [REDACTED] years as [REDACTED] happened to get into a conversation with [REDACTED]. The latter, in a rather bragging manner, told [REDACTED] of the numerous cases he had solved during his career. [REDACTED] then pointed out to him that his success could probably be attributed to the fact that various people would undoubtedly come to him, give him the "tip" that would solve a particular case, and [REDACTED] acting on the tip would, of course, then solve the case in which the "tip" was supplied.

b6
b7C

[REDACTED] then explained to [REDACTED] as an illustration of his point, that he could possibly give him the "tip" that would [REDACTED] the Sims, Fla. dynamiting case." [REDACTED] related to [REDACTED] that during the latter part of February, 1952, he happened to be on a routine train run for his railroad with a locomotive engineer named B. F. (initials only) GAUCHER. The latter is a 40-year-old married man and lives in front of the Apalachicola and Northern Railroad Shop at Port St. Joe, Fla. While on this particular run through Chattahoochee, Fla., [REDACTED] happened to pass a campaign sign which read: "Vote for [REDACTED] and reduce the gasoline tax" or some such slogan to the effect as used by [REDACTED]

in his recent state-wide campaign to be elected Governor of Florida. [redacted] then discussed the Ku Klux Klan generally with [redacted] evidenced an admiration for [redacted] and the Klan, and indicated in no uncertain terms that he resented Negroes. Eventually the conversation got around to the Sims, Fla. dynamiting on 12/25/51, and [redacted] mentioned the fact that that case probably never would be solved. At that point [redacted] placed his hand on [redacted] shoulder and said to him, "I could go directly to the man who did it, put my hand on his shoulder just like I now have it on yours; and call him by name." [redacted] did not press [redacted] for further details, mainly because he felt that [redacted] would not tell him, however, he did get the impression that [redacted] is a "dyed-in-the-wool Klansman" and would not cooperate with the Bureau or any other agency in furnishing information pertinent to this case. He pointed out that during his conversation with [redacted] about [redacted] and Klan activities in general, [redacted] frequently used the term "we" in explaining how Klansmen recognize each other and are aware of Klan activities.

b6
b7C

[redacted] admitted that [redacted] could have been trying to impress him with his knowledge of Klan activities, and, in fact, may know nothing whatsoever as to the identities of the person or persons who perpetrated instant plot. He added, however, that [redacted] is not the type of person to "bluff" and [redacted] received the impression that [redacted] actually knew what he was talking about.

b6
b7C

Continuing, this informant said that although he, [redacted], was born and raised in the South, does not especially care for Negroes, he stands against such occurrences as the Sims, Fla. dynamiting and would assist the authorities in every way possible to solve this case if his identity would be protected. He stated that he and [redacted] are "fairly close friends", they go fishing together occasionally, and he feels that [redacted] would take him into his confidence on practically any matter. According to this informant, [redacted] indicated to him, [redacted], during their discussion near Chattahoochee, Fla., recently concerning [redacted] and the Klan, that he, [redacted] could probably "make the necessary arrangements for joining the Klan" if [redacted] was interested. At the time [redacted] gave him a non-committal answer, but left [redacted] with the idea that he, [redacted] was definitely interested in the matter.

b6
b7C

Without any prompting from the interviewing agent, [redacted] volunteered the statement that "I could become a member of the Klan and still not believe in their principles."

DIRECTOR, FBI

June 2, 1952

Agent explained to [] that any action he took along this line would very definitely have to be on his own initiative and he agreed that he understood this. It was impressed upon him that if he actually decided to join the Klan, the decision would have to be his own as this Bureau could not sanction such action and that he could in no way consider himself a representative of this Bureau in such action. [] said that he fully understood this and would decide for himself just what course he would pursue within the next few weeks.

It should be pointed out that [] is not the "detective complex type", but on the contrary, seems to be a sober and intelligent person who has excellent potentialities as an informant in Klan activities. During the course of the interview with him, he mentioned the fact that one [] Apalachicola, works under him, and is a rabid Klansman in that area.

b6
b7c

Arrangements were made with [] whereby he will be discreetly recontacted on or before 7/1/52, in order to ascertain if he has developed any further pertinent information from [] regarding the identity or identities of the subjects in instant case, it being noted that [] stated that he would attempt to do this in the meantime.

Reurlet 5-5-52, and report SA [Redacted] 5-5-52, Miami.

The first sentence in the report reflects that on 1-3-52, [Redacted]..... This date should have been 1-3-51.

It is further noted that in regard to [Redacted] application for Federal employment he apparently executed Standard Form 57 on 10-4-49, at which time he denied a prior arrest record in answer to Question 28 and denied belonging to any organization which advocates the overthrow of the Government of the United States by force or violence in answer to Question 26. It would appear that on 1-2-51, he executed Standard Form 58 which is a continuation sheet for Question 16, "Application for Federal Employment," Standard Form 57. He apparently executed only Standard Form 58 on 1-2-51, thus bringing the information in Standard Form 57 up to date.

Since the exact date of giving the false statements (10-4-49, 1-2-51, or 1-3-51) is most important for prosecution purposes it is necessary that you find out the exact details of the execution of these forms by [Redacted]. The desired information should be obtained and corrected pages of the report submitted within seven days from the date of this communication.

Director, FBI

During the interview of June 9, 1952, [] stated he desired to cooperate with the Bureau but asked for more time to consider his position, stating that he has, since joining the Klan in July, 1951, become very active in the Klan and gained the confidence of the "inner group". He expressed fear of bodily harm to himself and family as well as the likelihood of [] if it should become known he is a Klansman and cooperating with the FBI.

b6

b7D

On July 8, 1952, [] was recontacted. He stated he desires to cooperate with the Bureau, but only on the basis that he would not be required under any circumstances to testify in connection with this case and, further, that his identity would never be divulged. He was very emphatic in his statements regarding testifying and the maintaining in-violate his identity. [] was advised that, if he has pertinent information every effort would be made to protect his identity but such assurances could not and would not be given if he is actually involved in the MOORE bombing. He stated he fully understands the Bureau's position in this regard.

[] thereafter voluntarily afforded the following information. He has been [] of the Orlando Klavern of the Association of Georgia Klans, and CECIL LANGSDALE, Chief of the Klokann Committee, as well as a number of other Klansmen who are noted for their readiness and availability for participation in "rides" and other acts of violence. He has won their confidence and esteem because of his [] [] Because of this he [] of the Klokann Committee. [] has strengthened his position and increased his prestige in the eyes of his fellow Klansmen.

b6
b7C
b7D

He advised that one [], a member of the Orlando Klavern of the Association of Georgia Klans, is the individual who appeared at the window of the Creamette and advised the operator he should install another window for serving negroes. In this regard [] stated [] had [] and [] had expressed some fear of being recognized by the operator of the Creamette as being the individual who had appeared at the window and made the aforementioned statements a short time before the Creamette was bombed. [] stated that [] since the MOORE bombing has [] in regards to the effect that on the way back from casing the MOORE job they decided they were not going to do the job as they had previously planned inasmuch as they had gotten the idea of using dynamite. [] stated he does not recall the time or circumstances under which [] did this bragging but is confident it was since the MOORE bombing.

b6
b7C
b7D

Director, FBI

[redacted] said that [redacted] told him he immediately went to see CECIL LANGSDALE with the idea of using dynamite on the MOORE job. According to [redacted] never stated what type of job they intended to do before deciding to use dynamite, nor had [redacted] ever stated who, if anyone, was on the casing job with him.

b6
b7C
b7D

He said that after [redacted] had made these statements he and [redacted] were discussing Klan matters in the [redacted] where [redacted] was at that time employed and at that time [redacted] was talking too much and that someone should caution him.

In regard to [redacted] was at one time on the Klokann Committee and was formerly employed by an ice plant in Sanford, Florida, but is now unemployed and residing in Orlando. He stated he is personally of the opinion that [redacted] was not "gassing" when he spoke of casing the MOORE place as he has observed [redacted] to be the type of individual who would do just such a thing. He said that [redacted] at one time had asked the Klokann Committee to bomb the ice plant at Sanford inasmuch as one of the negro employees had acted very "uppity". He said that although he advised [redacted] regarding the remarks made by [redacted] did not divulge any information at that time, nor has he mentioned the matter further.

b6
b7C
b7D

[redacted] also advised that after the Agents began making inquiries in Orlando regarding the MOORE bombing, he was contacted by [redacted] who told him that there was a job to be done and they wished his help. According to [redacted], along with [redacted] went in [redacted] to the residence of [redacted] located near [redacted] premises three cases of dynamite. The dynamite was loaded into the [redacted] of [redacted] and thereafter taken to a shack located near [redacted] on the outskirts of [redacted]. [redacted] stated the three cases of dynamite were then unloaded and placed under some lumber in the shack. He said the shack has now been torn down and there is a structure presently being erected on the site of the shack. He also disclaimed any knowledge as to any details regarding the dynamite, where it came from, for what purpose it was being held or whether or not any of the dynamite had been used from the cases. He stated the case he handled was closed and, from the weight of it was undoubtedly filled. He also advised he does not know the type, lot number or any other identifying data regarding the dynamite as he only noted the cases had the word "Explosives" printed on them. He also stated no mention was made of the dynamite by [redacted] or any of the other men, nor has any information come to his attention concerning the dynamite.

b6
b7C
b7D

Director, FBI.

During the interview of July 8, 1952, [redacted] was questioned as to whether he himself had ever been involved in any Klan terrorist activities or in any way involved in the MOORE bombing. He said the only "ride" or terrorist incident in which he was involved was the [redacted] and before [redacted]. In regard to this occurrence he identified [redacted] CECIL LANGSDALE, [redacted] as being the other participants. He stated the Oldsmobile of LANGSDALE, the 1946 Ford maroon coupe of [redacted] and [redacted] were used. According to [redacted] the Klansmen in this incident were endeavoring to locate a negro in Winter Garden who had been involved in the cutting of a white man in Orlando and were parked alongside the street and [redacted] passed by in the taxi cab. He stated the cars parked [redacted] took in behind the cab and at that time he did not know why they were following the cab. He said that one of the Klansmen later told him the negro driver of the taxi cab made an unsavory remark as he was passing the cars, stating they were blocking the road.

b6
b7C
b7D

[redacted] also advised that during the time [redacted] was confined in the hospital in Eustis, Florida, following his wounding by Sheriff WILLIS V. McCALL of Lake County during November, 1951 near Umatilla, Florida, [redacted] and [redacted] drove to Eustis for the specific purpose of locating and killing ALEX AKERMAN, the Orlando attorney who was retained by the NAACP for the defense of the rapists in the Groveland case. [redacted] said that upon arriving in Eustis they were unable to locate AKERMAN but did see Sheriff McCALL and at that time he and [redacted] called McCALL aside and told him the purpose of their trip to Eustis. [redacted] said McCALL advised them to return home and forget about the matter inasmuch as he had control of the situation and "everything was going to come out alright".

b6
b7C
b7D

According to [redacted], while he, [redacted] were returning to Orlando [redacted] made a statement to the effect there was a "big SOB in the NAACP who lives at Mims and something has got to be done about him". After this remark, [redacted] made a statement to the effect that inasmuch as they had missed locating ALEX AKERMAN at Eustis, why not go on over to Mims and get MOORE. In regard to the statement of [redacted] regarding MOORE, it is to be noted in [redacted] interview by Agents of this Office [redacted] stated he had heard of MOORE and that MOORE's name had been mentioned in Klan meetings through the reading of newspaper clippings.

b6
b7C
b7D

Director, FBI

[redacted] appears to be more intelligent and better educated than the average Klansman. He steadfastly maintained that he is in no way interested in a monetary reward for any information he might furnish. In fact, he stated he joined the Klan motivated by a sense of revenge inasmuch as he was a victim of a "ride" by the Klan. He was reluctant to give all the details of the [redacted]

b6
b7C
b7D

[redacted] He is certain that the group [redacted] were members of the Klan but as of this date he is not certain of their identities and is interested in ascertaining their identities for revenge. He stated he is personally not in agreement with Klan terrorist activities and on a number of occasions he has been instrumental in preventing violence. He said that if he knew the identity of the individuals who did the actual bombing at Mims, Florida, he would divulge such information to the FBI.

During the interviews he has given the impression that even if he does not know the persons who did the actual bombing he has information which might lead to the ascertaining of the identity of such individuals. During the course of interview it was impressed upon [redacted] to be frank in his discussion of Klan activities so that any derogatory information which might be divulged against him, particularly in relation to "rides", might not operate to discredit him in the eyes of the Agents. He thereafter voluntarily furnished the information regarding his participation in the beating of [redacted] and the trip made with other Klansmen to [redacted] Florida. At that time he stated these were the only occasions on which he has participated in any acts of violence in connection with Klan activities.

b6
b7C
b7D

It is realized that the attitude of this informant is strange. The Agents handling him are particularly alert for any possible chicanery. His story with regard to his entrance into the Klan and the purpose behind it leave some question of doubt. It is known that he is friendly with the Klan members enumerated in this letter and that these members are the type of individuals who would engage in terrorist activities. Extreme caution will be utilized in contacting this informant and for the time being he will be afforded all of the discreetness surrounding the contacting of an informant.

Intensive investigation is being conducted regarding [redacted] his present whereabouts, and the other members mentioned. It is not believed this informant can be "shoved" but will have to be handled diplomatically. If it appears at any time that he is not being truthful the Bureau will be advised immediately and consideration will be given to recommending possible prosecution under the Obstruction of Justice statute.

[redacted], and that there is no criminal record for him in the Identification Division.

A check of the records of the Orlando Credit Bureau revealed a credit report for [redacted] dated October 7, 1946, at which time his address was given as [redacted].

This credit report also indicates that [redacted].

An additional credit report, dated October 16, 1951, gives [redacted] address as [redacted], and [redacted]. The credit report also contains notation that [redacted].

[redacted] charged with [redacted]. However, the records of the Sheriff's Office of Orange County and the Orlando Police Department were personally checked by Special Agent [redacted] and the only arrest record at either agency is [redacted] for [redacted] indicating arrest was made by the Florida Highway Patrol, and [redacted] estreated \$35.00 bond.

By teletype dated July 18, 1952, St. Louis advised that the RACAG records indicate that [redacted] ASN [redacted].

[redacted]. Further, he was honorably discharged by reason of surplus enlisted personnel. He was [redacted].

He did not have any foreign service. The clinical records failed to disclose any treatment for [redacted].

The records indicate that he was divorced from [redacted], Brevard County, Florida, and married to [redacted] at Orlando, Florida. His character and efficiency ratings are shown as being from Unknown to Excellent. He does not have a record of courts-martial, AWOLs or any other derogatory information. His military occupation was that of an investigator.

From the inception of this investigation, every effort has been made to develop a Confidential Informant who can assist the Bureau in the ultimate objective of this investigation - the solution of the HARRY T. MOORE case. In order to obtain the confidence and cooperation of [redacted] it was necessary to assure him that his identity will be kept inviolate and he would not be called upon to testify at any time regarding Klan activities. However, it was clearly pointed out to him at the very beginning, should it subsequently develop he was actually involved in the MOORE bombing, he will be treated as any other participant. He fully understands this. In this regard, [redacted] has steadfastly maintained from the first time he was contacted that he is absolutely in no manner personally implicated in the MOORE bombing.

Director, FBI

It is desired to point out to the Bureau that the information furnished by [redacted] to date has been acquired through numerous interviews with him.

At the very outset the Informant was willing only to volunteer information concerning [redacted] and the moving of three cases of dynamite from [redacted] house near Sanford, Florida. Upon subsequent contact, it was pointed out to [redacted] that it is necessary for the Bureau to know of any Klan terrorist incidents in which he may be involved so that the Bureau can evaluate his information and the Informant's position.

On a subsequent contact, [redacted] furnished information regarding the [redacted] Florida allegedly to [redacted]. He also furnished information as to the identity of the participants in the [redacted] Negro taxi cab driver at Winter Garden, Florida, on January 12, 1952. In the latter incident, [redacted] did not mention the implication of [redacted] but on a subsequent contact, he volunteered the information that [redacted] was involved in the shooting-flogging of [redacted] and it was [redacted] automobile which was used and referred to by [redacted] as one of the cars parked on [redacted]. [redacted] stated that he was reluctant to mention [redacted] name at the outset because of a [redacted] existing between [redacted]. At this time he also advised that CECIL LANGDALE, head of the Klokann Committee of the AGK, has an intense hatred of the Negroes and for some time has been talking of bombing the Negro school which has been constructed near the LANGDALE residence. In this regard, [redacted] advised that LANGDALE has prepared a sketch of the school and has pointed out the places where he believes that dynamite bombs would be effective in bringing the total collapse of the new school.

On later interview, Agents told [redacted] that they felt that he was not divulging all the information which he possesses regarding Klan terrorist activities. [redacted] made a statement to the effect that such could be true.

The following day he contacted the Agents and at that time furnished the complete details regarding the bombing of the Creamette in Orlando, Florida. He had previously furnished information regarding the implication of [redacted] in the bombing of the Creamette. Since affording the information regarding the bombing of the Creamette, [redacted] had stated that all the information to his knowledge regarding Klan terrorist activities has been furnished by him to the Agents.

He has been helpful in furnishing background information on numerous principal Klan members as well as regarding other individuals about whom he has been questioned.

Director, FBI

[redacted] has stated that it is his opinion that CECIL LANGDALE, [redacted] may be the individuals who were actually implicated in the MOORE bombing. He has stated that he does not have any specific information at the present upon which to base such a conclusion other than the fact that [redacted] made the statement that he, [redacted], had cased the MOORE house, and upon his return to Orlando had conceived of the idea of using dynamite and had thereafter approached CECIL LANGDALE with this idea. Informant has pointed out that it is his belief that these men may be so implicated inasmuch as he has observed them and the fact that they have already been previously engaged in terrorist activities which to him clearly indicates that they would without hesitation have done the MOORE bombing.

b6
b7C
b7D

He has stated that he has the confidence of these individuals: he himself, [redacted] CECIL LANGDALE. It is his present intention to endeavor to obtain additional information regarding the remark made by [redacted] by trying to bring into the open between himself and the key individuals as to what participation, if any, they had in the MOORE bombing. As he has stated, and it is clearly understood, such a strategy will require time and the progress will be slow and somewhat tedious.

b6
b7C
b7D

[redacted] has reiterated on a number of occasions that all the information furnished by him is the truth and he will gladly submit to a lie detector examination regarding any of the information furnished by him to further prove to the Bureau that he is telling the truth about all of his Klan activities and the statement made by [redacted].

At the present time, all persons mentioned by [redacted] as participants in these terrorist activities who have not heretofore been interviewed, have been interviewed with the exception of CECIL LANGDALE and [redacted]. [redacted] will be interviewed in the next few days, and LANGDALE, apparently being a key figure from the information furnished, will be interviewed when it is deemed appropriate. Every effort has been made in the interviews of these individuals to conceal and protect the Informant and at the same time attempt to elicit from them their admission of their own participation. The interviews to date have been completely unproductive.

b6
b7C
b7D

The Informant has stated that several individuals who have been interviewed by the Agents without results have contacted [redacted], the Exalted Cyclops, advising him of their interview and seeking advice.

The Informant states that he believes it will take a minimum of two weeks in order to determine whether these individuals will furnish to him any information as to whether or not they were implicated in the MOORE bombing.

Director, FBI

The Miami Office is assigning this Informant symbol number [redacted] which will be used in all future references to information furnished by [redacted]

FLORIDA BOMBING CASES

Call: 1:10 p.m.

HARRY T. MOORE

SAC Wall called from Miami and advised that the Special Federal Grand Jury hearing testimony relating to the Miami bombing cases will begin inquiring into the death of Harry T. Moore on February 4, 1953. At this time testimony will be heard from [redacted] The Grand Jury will then recess until February 18, when testimony will resume in the Moore case.

Wall advised that the [redacted] who will be subpoenaed on February 4 are [redacted] to appear are [redacted]

Wall stated that, as has been the custom, the subpoenas for the afore-named [redacted] will be served by the Bureau. Wall requested Bureau authorization to make available necessary expense money for the [redacted] to appear at Miami on February 4. He stated that [redacted] of the [redacted] were in the vicinity of Orlando, Florida, while [redacted] is presently at Aiken, South Carolina.

RECOMMENDATION:

It is recommended that the attached [redacted] go forward to Wall, authorizing him to make available necessary expense money, not to exceed \$100 per [redacted], in order that these [redacted] will be in Miami to testify before the Grand Jury on February 4, 1953. Wall suggested the above procedure in order to preserve the surprise effect of the testimony to be furnished by these individuals. It will be noted that in order to obtain payment for testifying before the Grand Jury, it would be necessary for them to sign the official register, which is a public record and, as such, available to all.
